DIGITAL CALIPER
AND
BLUETOOTH® TRANSMITTER

The modularity of TESA calipers coupled
with the simplicity of data transmission
and management

DATA-PACK: TWIN-Cal (universal digital caliper) + TLC-BLE (Bluetooth® transmitter)

NEW KITS!

00511021

In the current context of Industry 4.0, the connectivity of instruments has become an essential feature and opens up powerful possibilities (reports, statistical analysis, etc.). With the Bluetooth® transmitter provided along with the TESA calipers, data acquisition has never been easier!
